CONTACT US

All of our equipment sold is inspected, refurbished to factory specifications, and typically warranted for a minimum of six months for parts and labor beginning on the date of receipt, even if the equipment is not opened or put to use. Exceptions include international sales, items brokered from a third party or that are agreed to be sold with a lesser warranty or "as is" between Cambridge Scientific Products and our customers. New and Demo Equipment is warranted for a minimum of 180 days.
